Petition dated the 15th February, 1904 from the inhabitants of Arasikere requesting the transfer of the Hospital Apte of Arasikere.

In their petition of the 18th December 1903, to the address of the Offg. Senior Surgeon, the inhabitants of Arasikere brought to the notice of the Senior Surgeon that Abdul Aziz, the Hospital Apte of Arasikere, devoted much of his time and attention to his private duties, such as, looking after his lands, rearing a fold of sheep engaging himself in P.W.D. Contracts that during his absence on private duties, the Compounder who left in sole charge of the Dispensary, that the people that resorted to the Dispensary during the absence of the Hospital Apte were obliged to be contented with the medicine which "mere chance and a little guess might bring into his Compounder head" and that when the Hospl Apte was present in the Dispensary he demanded money from patients visiting the Dispensary for treatment. Producing with their petition two of the Hospl Apte's
Chits

Chits asking for remuneration for simple prescriptions in the Dispensary in ordinary cases, the petitioners prayed that the Hospital Apttt might be transfered to some other place.

The Offg Senior Surgeon informed the petitioners in reply, as follows: —

"In reply, informs that the Senior Surgeon understands the signatories are all wealthy inhabitants of Arsikere.

The Dispensary is a charity intended to help those of moderate means gratis and not intended to cultivate the pauper instincts of the people. For those who can pay for their medicines and treatment Govt have fixed a scale of fees, Copy of which is forwarded for their info, which the Senior Surgeon thinks, is calculated with great consideration for the purses of the people who may want the services of the Hospital Apttt."

In their present petition to the address of the Dewan is an appeal agst the above orders of the Senior Surgeon they say that they are all poor people, ryots with large families paying heavy Candayam to Govt, and that they know that they ought to pay the Hospl Apttt for any work that is required of them out of the Hospital. They state that the chits produced by them were not returned to them from the Senior Surgeon's office. They pray for

the transfer of the Hospital Asst in question to some other place.

For the original order of the 4th May, 1886, quoted by the petitioners in para 2 of their petition, please see paper with flag A.

For the sale of medicines to private persons from Govt Hospitals and Dispensaries, please see papers with flags B and C and D in 4.2 No 437 of 1892 put up.

The Complaint of the petrs to the Offg Senior Surgeon was that the Hospl Asst in charge of the L.J. Dispensary at Trichore demanded payment from patients resorting to the Dispy for treatment.

The Offg Senior Surgeon replied to them, saying that the petrs were all wealthy merchants of Trichore and that as such they should pay for their medicines and treatment, and furnished to them a copy of the Govt order of the 4th May, 1886.

It seems that the Offg Senior Surgeon's reply to the petrs is not consistent. The order of the 4th May, 1886, to which he drew their attention and of which he

granted

4 granted them a copy, to one prescribing fees for medical attendance on private patients at their residences.

In the last para of the Senior Surgeon's letter read in the preamble of the Govt. Order of the 4th May, 1886, it has been stated "Hospl Apts in charge of local Fund Dispensaries are prohibited accepting fees from persons attending their Dispensaries, and they are expected to attend at HO drs poor persons in their own houses who may, from illness, &c, be unable to come to the Dispy"

In the sale of medicines

There are certain misstatements in the Offg Senior Surgeons reply to the Petitioners. They relate to unimportant matters in regard to which there ought to be no doubt or misapprehension - Would you not point this out to the Senior Surgeon? C.
